

HOW YOU CAN MAKE MONEY AS A STAMPIN' UP!

DEMONSTRATOR

The following is a list of the different ways you can get paid! Every business is different, and you can mix and match to create the business model that best suits your needs and lifestyle!

- **Selling catalogue product to individual customers** – As a demonstrator you can sell catalogue product to individual customers online and offline! We then receive a 20% Instant Commission, as well as an additional payment based on the amount of total sales. This additional payment can be anywhere from (4 to 13%)
- **Traditional workshops** – Home Parties and Workshops are a very effective way to meet several new customers at once, as well as generate a high volume of sales!
- **Classes** – The focus here is on our knowledge of the craft. We teach classes for a fee. This fee generates a profit for us. If a class attendee wishes to purchase product after the class, even better!
- **Finished product** – Some people simply don't have the time or inclination to do it themselves. You can choose to serve this audience by creating finished product for sale.
- **In-Person and Online (virtual) Clubs** – Basically, Buyers Clubs where members commit to buying a certain amount of product each month for a set number of months, in exchange for certain benefits. The more people in your Clubs, the more sales you're able to depend on... without having to do a great deal of work!
- **Online classes and programs** – By moving your classes into the online space, you're able to reach a national or, even, international audience! Also, because classes are recorded and posted online, you can sell them anytime, for as long as you want!
- **Recruiting and downline-building** – The heart of any direct sales business is a downline. When you recruit someone new into your downline, you begin earning a commission on THEIR sales! When they recruit someone, you earn commissions on THEIR sales, as well! Eventually, the passive revenue you can earn from a downline can far outpace the amount of money you may earn in any other area!
- **Paid customer membership sites** – These are password-protected sites your customers sign up for. You give them regular, exclusive content, and they pay you a monthly fee. Sites like this increase customer loyalty and retention... as well as your bottom line!
- **CDs, DVDs and EBooks** – Eventually, you can package your knowledge into different types of products for sale. These products can be sold online, as well as in brick and mortar establishments!

Remember... you don't have to do everything on this list... just the things you WANT to do!

Mix and match to create the business YOU desire!
